RALLY DAY AND HARVEST HOME.

Next Sunday will be one of the year's biggest days at the Third Street M. E. church. Either the Sunday school's Rally Day or the Harvest Home by itself would be an event of unusual importance; when combined in one day it makes a day of special importance. Preparations are well under way to make these services pleasing and helpful—just such services as you will long remember with joy that you attended. The Sunday school will rally during the morning. At 9:30 they will meet for the regular lesson hour. At 10:45 the whole school will march to the auditorium, where the Rally Day program, entitled "The Patriotism of Peace" will be rendered. This program will be published later in the week. The usual heated rivalry between the classes for the largest attendance and the effort to win the Rally Day banner, is very much in evidence. It is expected the attendance will run over 200. If you are not attending Sunday school elsewhere, get in line with this school next Sunday.

At 7 p. m. will be given the annual Harvest Home service. The church, as usual, will be decorated with the best of the fields, gardens, woods and orchards has produced in this fruitful year. In keeping with this the large chorus choir with additional help of several solo voices and trombone and cornets, will give a fine program of anthems and other sacred music. It is expected that Rev. Wade Crawford Barclay, of Cincinnati, will be the speaker of the evening. You will want to hear him. In the event that he does not come, the pastor will preach a sermon on "Peace," in keeping with the spirit of the Rally Day program of the Sunday school. The pastor and members of this church invite all members, friends and visitors in our city to put in next Sunday at these services. We feel sure you will enjoy the day with this people.

Mrs. Frances Chappell, of Paris, died at her home in that city on Tuesday, and will be buried on Thursday from her late residence. She was quite well known here, having visited relatives and friends on several occasions.

MR. PAT. F. O'NEAL

Of the Fourth Ward, Makes Formal Announcement For Council.

Mr. Pat. F. O'Neal, of the Fourth Ward, announces in today's Ledger as a candidate for Councilman. Mr. O'Neal made the race for Representative in the late campaign and made an excellent showing. He counts his friends by the score.

He is now bookkeeper for the G. W. McDaniels & Company, on Plum street. His intimate knowledge of the condition of his ward and the wishes of the people will give him an intimate knowledge of their needs and how to bring things to pass. It is the man who brings things to pass that is wanted, and Pat O'Neal has never been found wanting. If he is elected, the Fourth Ward will not only have a good Councilman, but the entire city will have a man who will look after its interests.

ATHLETICS WIN OPENING CEMENT.

Tuesday afternoon, before a fair-sized crowd, the Athenaeum soccer football team of the Maysville High School, defeated the Adelphi to the tune of five to two. The game was full of fast plays, in which the team work of the winners predominated. Burrows and Hampton featured for the Adelphi, while Curry was the star of the Athenaeum. Prof. G. C. Vance umpired the game. This was the first of a series of games for the championship of the school. Others will follow in the near future.

C. & O. INSPECTION TODAY.

The annual inspection of the C. & O. railroad by its officers is now on, the inspection train passing through this city today. From the way the track, roadbed and surroundings look, Section Foreman Kelly will win a prize—provided the other fellows have not made their sections a little bit better. Every rock along the line is in place, every pole is whitewashed and some of the rocks, too, while stretches of track are perfect.

MANY ATTEND EUCHE.

Tuesday evening, the Eagles Hall, on East Second street, was packed with a large crowd of euche players, who attended the euche given by the Ladies' Club. Mr. Peter Peterson won the capital prize offered for the best gentleman player, while Mrs. Cora Peterson won the first prize offered to the ladies.

Mr. Joseph Miller, of Cincinnati, is the guest of his uncle, Mr. Robert Husby, of East Front street.

Dance at Neptune Hall Thursday evening. Smith's Saxophone Trio. Admission \$1.50.

Mrs. Selden Bramel, of East Second street, is spending a few days in the county.

CALLED MEETING.

City Dads Hold Harried Session Tuesday Evening—Fall To Accomplish Anything of Importance.

Tuesday evening the City Council met in a called session with Mr. Thomas L. Ewan, of this city, and Mr. J. R. West, of the West Realty Company, of Louisville, to consider the proposition offered by these gentlemen to open a thoroughfare from Second street to Forest avenue, cutting the new addition that these gentlemen are preparing to open up in a few days.

The plans of the new road call for a forty-foot street from Second to Third, then the road tapering to a thirty-foot driveway. This street fills a long-felt want, a street from Second street to Forest avenue in this part of the city. As it is now, there is no street from Wood to Main streets on Second street, that connects with Forest avenue, a distance of six blocks.

The promoters plan to deed to the city this one main street through their addition and extensions of Elizabeth and Chester streets, only asking the city to put down a roadway on the principal street, and build a five-foot cement pavement on each side of the proposed street, in accordance with the specifications of the city ordinance relative to cement sidewalks.

The members of the Council, after hearing the speeches of Attorneys Collins and Calhoun on the subject, decided to inspect the site of the proposed street, and in a called meeting Friday night give their reply to the promoters.

To the common business man, this proposition seems to be one of the best investments ever offered to the city. The street and sidewalk will cost about \$2,000, but these improvements will increase the tax duplicate of the city about \$400 a year, and in a few years maybe more. It can be easily seen that the city would make a good investment in building the street.

CUT TEACHERS' SALARIES

In Fayette County In Order To Provide Funds For Needed Improvements.

A general reduction in the salaries of teachers in the Fayette county schools was agreed upon at the last meeting of the County School Board, in order to provide funds for needed improvements in school buildings of that county.

A resolution to this effect was adopted and took effect with the payment of September salaries. The reduction came as an unpleasant surprise to many teachers, who were unaware of the Board's action.

The retrenchment in salaries was stated by a member of the Board as being the most feasible method of raising funds for other school purposes. It was stated that the law fixes a maximum and minimum salary for teachers based on experience and the grade of certificate held, and that in Fayette county the teachers have been paid the maximum salaries in many cases, as long as the state of the school fund would justify it.

The reduction, it is said, is to a point still above the minimum in the several classes, although in some instances amounts to as much as \$5 per month.

DUKE WATSON.

Tuesday afternoon, word was received here announcing the death of Duke Watson, a prominent farmer of the Mayslick neighborhood, at the Jewish Hospital, at Cincinnati, where he was receiving treatment.

Mr. Watson was about 67 years of age, residing in this locality the majority of his life. He was at one time a prominent figure in political affairs in this district, being District Internal Revenue Collector for a number of years, but of late, because of failing health, had retired from active life.

He is survived by his wife, who was formerly Miss Elizabeth Parry, of this city, and two daughters, Mrs. James Hall, of this city, and Mrs. George E. Mote, Jr., of Winchester.

The remains will arrive here this afternoon on C. & O. train No. 2, and will be taken direct to his late home at Mayslick. The funeral will be held Thursday afternoon at 2 o'clock, in the Mayslick cemetery.

BARBECUE PLANS MADE.

Tuesday evening the committee in charge of the Democratic barbecue, to be held on Saturday, October 23, at the Cartmell place, on the Mayslick pike, met and decided on a definite program. Hon. A. O. Stanley, Ollie James, Harry McChesney and several other big Democrats will be on hand, it is said, and deliver addresses. Efforts will be made to get Vice President Marshall here at that time. The barbecue and other acts will be in charge of a Lexington firm.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.

This space will not permit us to list it all. One great bargain is 100,000 feet of EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

"A FOOL THERE WAS."

Through special arrangement with Messrs. Klaw & Erlanger, Mr. Robert Campbell will offer the sensational dramatic treat, "A Fool There Was," by Porter Emerson Browne, on Wednesday, October 13, at the Washington Theater.

With a cast as strong as that which presented "A Fool There Was" with Mr. Robert Hillard at the Liberty Theater in New York, there is not a doubt but that this will be the banner attraction of the season. The play deals with the everyday perplexities of life. Without exaggeration, "A Fool There Was" is the most wonderful play ever staged. It really is the play that made Robert Hillard famous. Students of psychology have, since its original production, been trying to fathom just why the play has attained such a wonderful hold on the public. "A Fool There Was" is a dramatization of Kipling's famous poem, "The Vampire," both of which took the public by storm, simply because they deal with facts and truths.

A special coach filled with seventy gypsy women and children, on route from Pikeville to Richmond, Va., was attached to C. & O. train No. 1 Sunday at Ashland. There were forty-four children in the coach. The male gypsies drove the horses by turnpike to Richmond, where they will camp for the winter.

The Ladies' Aid Society of the Third Street M. E. church will meet today at 2:30 p. m. in the church. All members urged to come.

Mrs. W. F. THOMAS, President. Mrs. J. H. Richardson, Secretary.

Mr. N. Becker, of Ripley, was in this city Tuesday on business.

MANY ATTEND FREE MATINEE.

Tuesday afternoon, the Washington Opera House was packed with people, all enjoying the treat in the form of a free show given by the management of this popular theater. The film shown was one of the famous numbers of the popular serial, "Neat of the Navy," and was of the same high order as the previous numbers.

"THE HOME OF QUALITY CLOTHES"

Our Suits at \$15 and \$16.50 Are Revelations in Values

There is an impression that the man who spends only \$15 or \$16.50 for a suit must give up a lot of the features of the higher priced lines. An inspection of our lines at \$15 and \$16.50 will dispel this fallacy. A wide range of patterns—browns, greens, greys, blues, as well as mixtures of various sorts.

We have a line of blue serge suits, designated 5130, at \$15, made by the Clothcraft of Cleveland, one of the largest clothing houses in the country. For several years they have specialized on 5130 at \$15. This number represents the very best that can be put in a medium priced suit.

Come in and see this line of popular priced suits. DON'T FAIL TO LOOK AT 5130.

How To Avoid The Motor Car That Bags At the Knees

The automobile is curiously like the human body—an assembling of independent parts.

The man-machine is made up of muscle and bone, nerve and blood, water and fat, waste matter and brains.

As far as locomotion is concerned, neither machine is any stronger than its weakest link.

Mark the badly co-ordinated man. He looks O. K., but when there are stairs to climb or pace to be forced, he puffs and pants, and one concludes that his ruddy color came from a recent facial massage; that his bellows need mending, that his muscles aren't; that his "strength" is mere scenery and that his sound appearance is mostly tailor made.

Haven't you seen automobiles just like that, look "pretty" but won't take you from Here to There and Back?

The "Wonder Car" that the Square Deal Man sells won't 'bag at the knees,' and he can prove by the testimony of delighted owners that it will take you There and Back, not once, but many times, and that it is the lowest "After Cost" car on the market today. If you are a prospective car owner, 'phone us and we will be glad to take you for a trial spin in the Maxwell "25."

COUNCILMEN'S SALARIES.

One of the aspirants for Council says he will donate his salary (\$36) to the City Mission. Rumor has it that there are several others who will come to the front and go him one better.

This opens the way for a thought or two. Are our City Fathers working for the \$36. Is that the height of their ambition? Just to get a seat in the Council Chamber so as to draw that pitiful paltry sum of \$3 per month?

There are great interests at stake in Maysville. The growth and future of the city are always in the hands of the Council. You may have Chambers of Commerce, Boards of Trade and Business Men's Associations, but if you have a City Council that fails to comprehend the welfare of the city, then their work goes for naught.

It should be an honor to be a member of the legislative department of a city's municipal government. It should be coveted and prized far above dollars and cents. A Councilman, above all others, should be a man of clean hands and bring to that

body a dignity and conservativeness of character that places him above suspicion. No monetary compensation should sway him; and when weighing the city's welfare, he should rise beyond his Ward. Men are wanted for these positions, and Maysville has the men.

ROTATORS IN OFFICE.

In addition to the five rotators now on the Democratic ticket, it is said by what appears to be good Democratic authority, that in removing opposition to Mr. Stanley before the primary, a gentleman's agreement was made by which Mr. C. C. Bosworth is to have a position paying a salary of \$3,000; Mr. Chy is to be retained as Insurance Commissioner, and practically all of the force except Chairman of the Rating Board. Mr. Ben Bosworth and all other examiners in the Fire Marshal's office, except Gates Young, it is said, are to be taken care of.

Solely for factional reasons, Mr. James Dent, the capable secretary of the State Fair, is sentenced to the guillotine.

These are told by so many Democrats and with such detail that they must have a basis in fact.

Rotation in office is the damnation of every good government. It gives opportunity for the officeholder to control affairs that should be in the hands of the people. Down with rotation in office. The people of Kentucky do not want rotation. They want good and efficient government.

REPUBLICAN MOTTOES.

Honest Elections and Fair Counts.
Honest and Economical Administration.
The Enactment of Just Laws.
The Repeal of Bad Laws.
The Firm, but Judicious Enforcement of All Laws.

Upon this platform the Republicans will go to victory on November 2.

Will you do your share to get good government?

Maysville needs a business men's organization and we are with the promoters who are here at present, if there is any merit in their proposition.

Presidential possibilities: Wilson, Roosevelt, Bryan, Taft, Root, Cummins, Sherman, Yourself.

Over 3,000 Hear Republican Nominee

Riddle Chimes of His Opponent

and Men On His Ticket For

Their Mismanagement

of State's Affairs.

DEMOCRAT NEVER WAS AND IS

NOT NOW FOR COUNTY UNIT.

Benton, Ky., October 9.—Hon. E. P.

Morrow, the Republican nominee for

Governor, this afternoon addressed

the largest Republican rally ever

held in Marshall county.

There were over 3,000 persons present

to hear the distinguished orator,

every county in "The Purchase" being

represented by large delegations.

In the audience, were hundreds of

Democrats, many of whom will vote

for Mr. Morrow this fall.

Mr. Morrow was introduced by Hon.

J. C. Speight, of Mayfield, in a eloquent

speech. Mr. Speight said that all

indications point to an overwhelming

Republican victory this fall in

Kentucky and to a Republican landslide

in the nation in 1916.

Mr. Morrow devoted his time en-

tirely to a discussion of State mat-

ters, which, he said, Mr. Stanley and

the other nominees on the Demo-

cratic ticket were nattering wherever

it was possible for them to do so. He

took up specific instances of waste-

fulness and extravagance and showed

where and how the hard-earned mon-

ey of the taxpayers had been lavishly

squandered. With keen humor he

described the conduct of "Wizard"

Hanlett, the present superintendent

of Public Instruction, whose fond-

ness for high living and distilled

water and handsome portraits, all at

the expense of the State, had recently

brought him into unenviable no-

tority.

Mr. Morrow also called attention to

Mr. Hanlett's demand of \$5 each for

life certificates issued to certain public

school teachers, without warrant

of law, two of the women thus taxed

being from Mr. Stanley's home county.

"Invisible Government."

Mr. Stanley's issue, "Invisible govern-

ment," was ridiculed and shattered

by Mr. Morrow. He said that if Ken-

tucky is now cursed by this evil it

was due to the Democrats who are in

power, and certainly could not be

held at the door of the Republicans,

who were not in control of any de-

partment of the State administration.

He charged that the Democrats re-

sponsible for the management of the

State finances had run the Common-

wealth in debt to the tune of \$2,275,-

000. They have collected three mil-

lion dollars more than any other ad-

ministration ever collected, and the

more they collect the more they

spend. Kentucky, he said, in the

hands of the Democrats, stood still,

while her sister Commonwealths, Illi-

nois, Indiana, Ohio and Missouri, far

outstrip her in education, in good

roads, in wise tax laws, and in all

other progressive legislation. "The

House That Graft Built" was described

to the amusement of the crowd.

The Liquor Question.

The Democratic leaders, said Mr.

Morrow, are trying to lead the people

to believe that the two parties stand

alike on the liquor question. They

can not, however, hoodwink the vot-

ers. He quoted at length from the

speeches of Lieutenant Governor Mc-

Dermott and H. V. McChesney to

prove that Mr. Stanley had never been

and is not now for the county unit

law. At the Democratic State con-

vention of 1911, said Mr. Morrow,

Stanley stood defiantly and voted

Henderson county "wet" on the roll

call on the liquor plank in the plat-

form.

Mr. Morrow's speech created the

most extraordinary enthusiasm. It

was so tactfully delivered that the

most partisan Democrat could not

take offense at what he said, and at

the close of the meeting he was given

an ovation which resembled some of

those he met with in the thickly set-

tled Republican sections of Eastern

Kentucky.

It is freely predicted that the Re-

publican vote in Western Kentucky

will this fall be the largest in the

history of the party.

WAIT UNTIL THE WAR IS OVER.

Those Democratic revisers down-ward find it hard to admit the truth. They are now pointing to the increased exports and big favorable trade balance as evidence that reduction in duties has not hurt American industries. They resolutely close their eyes to the fact that the big exports consist mainly of "war orders" and of food supplies which the old world must have and with which the tariff has little to do. Wait until the European mills get busy again and start to dump their products in this country—a process encouraged by the wiping out of protection.—Troy (N. Y.) Times.

Eloquence, without being precisely a defect, is one of the worst dangers that can beset a man.—Faguet (quoted by Morley.)

"A FOOL THERE WAS."

Porter Emerson Brown's Dramatization of the Play Founded on Kipling's "Vampire." Will be offered at the Washington Wednesday.

The weird, wild, fascinating and emotional dramatic success of Mr. Robert Hilliard's "A Fool There Was," will be offered at the Washington Opera House on Wednesday, October 13. Human whims and follies, the passions and emotions which animate the men and women of today are what Rudyard Kipling analyzed when he wrote "The Vampire," which poem is so true to life that it has startled the world with its frankness. It was this poem which was utilized as a foundation by Porter Emerson Brown, for his great drama, "A Fool There Was," which has had another startling effect on the public, as the play so vividly portrays the same subject as the poem, only from a dramatic viewpoint. It is as naked of deception as is the original poem.

For two seasons Mr. Hilliard used this great play as a starring vehicle to capacity business at every engagement in the larger cities and until this season it was thought advisable to change, however, Mr. Robert Campbell, the present manager, through some special arrangement with Messrs. Klaw & Erlanger, has decided to play through the country presenting a company and a production of the same calibre that has been seen in the past.

For the information of the public it is stated that this is not a motion picture, but is played by living flesh and blood people whose every word and gesture give vent to the author's conception of so great a subject.

UNITED STATES HEALTH SERVICE WORKING TO PROLONG LIFE.

The United States Public Health Service and the various health agencies of this country are working to prolong the average duration of life. In this they are obeying the desire for existence which is the strongest instinct of mankind. Only a small proportion of the human race rounds out its tour of duty on this earth. Some people are born with good bodies which they treat well. Barring accidents, they live a long time. Some people are born with poor bodies which they treat well. Barring accidents, they can live to a ripe old age. Some people are born with good bodies which they treat badly and some people are born with poor bodies which they treat badly. They don't last long.

It is recorded that in Yorkshire in 1501, Henry Jenkins was born. He died in 1670, out off at the age of 169. He remembered well the battle of Flodden Field. This occurred in 1513, when he was 12 years of age. The Register of Chancery and other courts show the administration of oaths to him 140 years prior to his death. He gave deposition as witness when he was 157. In his young manhood, when he was a little over 100, he was a remarkable swimmer. The term "old age" too frequently is another name for the falling due of the debts of youth. Over-eating, over-drinking, over-playing, over-working, these are drafts on the bank of Nature which sooner or later must be met. Sometimes the day of reckoning can be put off a little bit, but Dame Nature will not be wheedled out of her claim.

The remarkable thing about Henry Jenkins is the fact that he has left behind him no rules of living which would enable one to duplicate his feat. In this he showed great self-repression. As a matter of fact there is no royal road to old age and it is not to be attained by a particular dietary or regimen of life. Perhaps the best rule may be expressed in one word, "Moderation." Moderation in food, moderation in drink, moderation in the joys and worries of life, moderation in work, moderation in recreation, equanimity of the mind, the soul and the body. These make for long tenure of life.

Many a woman who just doted on narrow skirts last year would be inexpressively grieved if she had to wear one with her new fall suit this year. We saw a wide, fluttering skirt go down street yesterday, and in it was a very contented woman. Her husband wears trousers of the vintage of 1913, and a hat just like one he wore in 1908 and is equally content.—Gallipolis Tribune.

Men on the road to wealth are willing to take your dust.

CARRANZA RECOGNIZED.

Embargo On Arms To Opposing Factions To Follow—Villa Firm In Intention To Continue Fighting.

Washington, October 10.—Official advices have been received here that the governments of Argentina, Brazil and Chile are in accord with the decision of the United States to grant recognition to the party led by General Carranza as the de facto government in Mexico. It became known today that some of the South American governments long before yesterday's conference had authorized their diplomatic representatives to favor the recognition of General Carranza in the Pan-American deliberation. President Wilson has received from Secretary Lansing a report of the proceedings of the final conference, but several days ago he indicated to the Secretary his acquiescence in the plan proposed.

The form in which recognition is to be accorded has not been decided, but it may be done by formal notification to Eliseo Arredondo, authorized representative here of the Carranza government. Extensions of recognition is expected within a week.

Embargo Order To Follow.
This will result in the immediate order of an embargo on arms against foreign factions opposed to the Carranza government, a step which will materially weaken the resources of the Villa element, which intends to continue the fight in Mexico. Miguel Diniz Lombardo gave out a statement tonight in behalf of the Villa faction declaring that while it was a source of satisfaction that the United States had shown its sympathy with the Mexican Constitutional revolution against the Carranza party, it was intended to demonstrate by further military movements that the Carranza party's supremacy was temporary.

George C. Carrothers, American consular agent, telegraphed the State Department that substance of a long interview he had had with General Villa at Juarez, in which the latter explained in line with utterances to the press last night that he intended to continue fighting Carranza.

YOU HAVE OUR SYMPATHY.

Our neighboring city of Portsmouth surely "do" have its troubles. After spending a large sum building a wall to keep the Ohio river from washing the city away, along comes the reservoir break and the rushing water came near washing it away some more. But the washing didn't prevent the Kora Carnival being pulled off to the tune of 40,000 tin horns.

Of course, it isn't to man's credit if his credit isn't good.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HONOLULU, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Honolulu, Me.
2. SHELBYVILLE, KY.—"I suffered from a severe female trouble. My right side hurt me badly—it was finally decided that I must be operated upon. When my husband learned this he got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and after taking it a few days I got better and continued to improve until I am now well."—Mrs. MOLLIE SMITH, R.F.D., Shelbyville, Ky.
3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2437 East William Street, Decatur, Ill.

5. CLEVELAND, OHIO.—"I was very irregular and for several years my side pained me so that I expected to have to undergo an operation. Doctors said they knew of nothing that would help me. I took Lydia E. Pinkham's Vegetable Compound and I became regular and free from pain. I am thankful for such a good medicine and will always give it the highest praise."—Mrs. C. H. GRIFFITH, 1568 Constant St., Cleveland, O.

INFLUENCE OF WOMEN.

"Women are a wonderful influence in the lives of most great men," says the Washington Post, and upon women rests the responsibility for family health. To her they look for help in times of sickness, and the attention of every wife and mother in this vicinity is called to the rare combination of the three oldest tonics known, which Druggist John C. Pecor guarantees in Vinol.—Iron for the blood, beef pepton for strength, and the body-building, medicinal properties of cod livers. It will pay over-worked, weak, run-down people, delicate children and feeble old people to try it.

This is also a season of the year when it pays particularly well to advertise your business. Times are growing better, make your business grow bigger.

TOBACCO TRADE DIVIDENDS.

The American Cigar Company has declared the regular quarterly dividend of 1½ per cent on the common stock, payable November 3.

The Riker-Hegeman Drug Company, closely allied with the tobacco interests and one of the largest distributors of tobacco products in the United States, has declared a regular quarterly dividend of 1½ per cent on the common stock, payable December 1. Last year the company declared a 10 per cent stock dividend. Up to that time the common shares had been on a 4 per cent basis.—Tobacco Journal.

There are 789 women in Germany who have more than twenty children each. The Imperial Government has been preparing for war in more ways than one. We quote from a Berlin news item:

As indicating the distribution of children to a family, it may be mentioned that 82,921 women had twelve children, 42,629 had thirteen, 27,064 had fourteen, 14,624 had fifteen, and 17,337 sixteen children or more each. As many as 789 women had more than twenty children. Altogether, the 7,250,000 Prussian mothers had given birth to 28,312,898 children, or an average of four children each.—Gallipolis Tribune.

"The Good Clothes Man"

Surgeon General Rupert Blue of the United States Public Health Service Says:

"I WANT TO WARN YOU AGAINST THE CRAZE PEOPLE IN THIS COUNTRY HAVE FOR WHITE FLOUR. THE WHITEST FLOUR IS NOT THE BEST; IT IS NOT THE PUREST; IT IS ONLY THE DEAREST, AND WHEN YOU BUY IT YOU BUY LOOKS AND NOT NOURISHMENT. IN ORDER TO MAKE IT WHITE, SOME OF THE MOST NOURISHING AND ESSENTIAL COMPONENTS OF THE NATURAL WHEAT HAVE BEEN TAKEN AWAY."

These nourishing and essential components are the priceless mineral phosphates of the grain, known as the "Glusno salts," indispensable for perfect health of body, brain and nerves.

Everywhere food scientists and physicians are sounding a like note of warning, for a host of ills is following the pernicious practice of casting out these elements in the milling process, and that, simply to make the flour look white and pretty. Neurasthenia, anemia, Bright's disease, constipation, rickets, and a lowered resistance against disease in general, are some of these ills.

More and more thinking people are waking up to this evil. There's a way out.

EXCEEDED THE SPEED LIMIT.

The Federal Supreme Court Says Even a Policeman's Authority Is Limited.

A police officer by virtue of his office in enforcing the law may perform acts which done by others constitute crimes. But even the policeman's authority is limited. His right of redress for injuries sustained while pursuing violators of the law has frequently been questioned. Plaintiff in *Keovil vs. Ponsford et al.*, 173 Southwestern Reporter, 518, is a police officer. In attempting to capture speed violators he ran his motorcycle at fifty to sixty miles per hour and sustained injuries by colliding with a pile of building material negligently left unlighted. The court directed a verdict for defendant. The Court of Appeals held: "It can not be denied that it was negligence of the greatest character to obstruct the street in the manner indicated without complying with the ordinance relative to placing lights thereon. On the other hand, Keovil, too, was traveling at a rate of speed prohibited by law, and in so doing was guilty of negligence per se. Hence officers are not excepted from the operation of the laws limiting the speed of vehicles upon public highways. Certainly an exception should be made in favor of those whose special duty it is to detect and arrest parties running in excess of the legal limit, while discharging such duty. The courts, however, can not ingratiate this exception. It must be done by the legislative body. But plaintiff's negligence in this respect would not preclude recovery unless it concurred with the negligence of defendants and proximately contributed to the injury. Whether an act be negligence per se because of violation of a duty imposed by statute or ordinance, or be negligence because in violation of some duty under general principles of law, the same rules must be applied in determining the question of proximate cause. Was the court below warranted in assuming as a matter of law that plaintiff's negligence was a proximate contributing cause? Undoubtedly the evidence strongly tends to establish this fact, but we are not prepared to say no other conclusion could be reached by reasonable minds. The evidence might be so unsatisfactory upon this issue that the court would have been warranted in setting aside a verdict in plaintiff's favor, and yet not of that character which would authorize an adverse peremptory instruction. We are of opinion there is room for a difference of conclusion by reasonable minds upon the issue, and that the peremptory instruction was improperly given."

RIVER NEWS.

Captain Jesse P. Hughes of the Tacoma, is at his home in Cattletsburg at the bedside of his two little daughters, who have been very ill with typhoid fever. Captain George Bailey is on the Tacoma temporarily and is one of her pilots.

It is reported that the Pittsburgh Coal Company is endeavoring to ship as much coal by rail as possible and stop the shipments by river. The Pittsburgh company is said to own a big block of stock in the River Coal Company, or M. R. C. C. & C. Company. This is said to be the cause of the very light shipments of coal from Pittsburgh during the last year.

Captain William Carney, commander of the Greenland, tendered his resignation to Captain Gordon C. Greene. Captain Carney, who was formerly a mate, has been with the Greene Line since Commodore Lindley sold his Pomerooy packets to Captain Greene. He commanded the Stanley for several seasons.

The United States Steamboat Inspection Service is notifying all passenger steamers operating in this district to pay close attention to the law which prohibits the use of coal oil or kerosene as stoves and to kerosene oil, matter not what its fire test may be. Passenger steamers have also been reminded that where oils are used in lamps and stoves, the oils must have a fire test of 500 degrees, Fahrenheit. Violators of these laws are subject to a fine of \$500 in each case.

SENTENCE MEN TO PEN.

Seven Men Found Guilty by Last Grand Jury Given Sentences Tuesday Morning by Judge C. D. Newell.

Tuesday morning, Judge C. D. Newell, of the Mason Circuit Court, sentenced seven men, found guilty by the last term of the grand jury on various charges.

Those sentenced and their charges were: Marion Ferguson, grand larceny, one to two years.

Joseph Carroll, cutting and wounding with intent to kill, one to two years.

L. C. Harding, cutting and wounding with intent to kill, one to two years.

Grant Howard, shooting at another in a sudden heat and passion, one to three years.

Ed. Stewart, cutting and wounding with intent to kill, one to three years.

Frank Thorpe, grand larceny, one year and one day.

Elise Snyder, grand larceny, one year and one day.

All the men sentenced, it was learned, were first offenders, and because of this the sentences were as light as possible. Sheriff John Clark left this morning with all seven men for the penitentiary at Frankfort, where they will enter upon their terms today.
